

construction or operation of any station that would require approval of the Aeronautical Flight Test Radio Coordinating Council (AFTRCC). Any fixed sites or mobile units within the protection radii of the non-Government flight test operations listed in footnote US363 of § 2.106 of this chapter will require AFTRCC approval. The licensee in the 2385–2390 MHz Band must receive AFTRCC approval prior to filing an application and the application must contain a showing of AFTRCC approval.

(d) Prior to construction of a station, the 2385–2390 MHz licensee must register with the Commission any station antenna structure for which notification to the Federal Aviation Administration is required by part 17 of this chapter.

(e) It is the licensee's responsibility to determine whether a referral to the Commission is needed for any individual station constructed.

(f) The application required in paragraphs (b) and (c) of this section must be filed on the Universal Licensing System.
